### CHARACTERISTICS

- 100% pure malt barley extract made from 100% Pale Ale Malt and water
- Is a highly modified high extract, low protein malt that is not just a darker Brewers Malt. The proprietary malting process involves careful monitoring of the kiln drying process and specialized temperature rests that result in the development of its unique flavor.
- Can be used in the production of all extract beer styles and to adjust color, flavor, and gravity of all grain beers
- Advantages of using extract in a brewhouse include
  - Save time
  - Increase capacity/boost productivity
  - Extends the brew size by adding malt solids to the wort
  - Boost gravity
  - Adjust color
  - Improve body and head retention
- Briess Malt & Ingredients Co. is the only vertically integrated company in North America. That means we make our pure malt extracts from our own malt so you are assured of receiving only the fullest flavored, freshest, pure malt extracts for top brewhouse performance.
